To,

Micro Technologies India Ltd,
EL-225, Futech Park, MIDC,
TTC Industrial Area, Mahape,
Navi Mumbai - 400 705

Micro EBB has been installed in our ²⁵unmanned remote 11KV Substations spread across Mumbai for monitoring and controlling various crucial Sub Stations parameters like Transformer Oil level, Oil Temperature, LT Palm Current and the LT Temperature, Security at the substation, AMR etc.

It eases our daily Operational and Maintenance issues and other monitoring problems which are crucial for the uninterrupted distribution of power to our customers.

Regards,

Rajiv Sharaf.
Additional Vice President
IT Infrastructure & Networks.
