

**Micro Technologies India Ltd & Bharti Airtel Ltd have tied up to offer Micro LMTS (Lost Mobile Tracking System)
March 11, 2008**

Micro Technologies India Ltd & Bharti Airtel Ltd have tied up to offer Micro LMTS (Lost Mobile Tracking System) <http://microlmts.airtelworld.com> to secure the mobile handsets of Airtel subscribers. Bharti Airtel Ltd., the fastest growing telecom Companies in the world with a phenomenal growth figures now focuses on the security feature for its large subscriber base. Symbian status achieved Micro LMTS www.microlmts.net is an innovative product of Micro Technologies.

As an outcome of this tie-up, it will be very easy as well as cost effective for Airtel subscribers to secure their mobile handsets using this advanced technology. The application works on GSM Technology. This hidden software in the user's mobile informs the user about the new Mobile number (that has been replaced by the original Mobile Number), IMEI Number with the current location of the handset through an SMS alert along with an email to the provided email address. The entire process took extensive rounds of testing. The Airtel customers can subscribe for the Lost Mobile Tracking Service by logging on the Airtel website or by contacting the service provider.

Airtel will be providing Micro LMTS to its subscribers in NCR (North Capital Regions) & Gujarat Regions. Micro Technologies (India) Ltd is a leading global developer, manufacturer and marketer of IT based security solutions for its clients across the globe. Products range includes the much-needed security devices, life support systems and web-based software.
