Micro Technologies awarded the International Quality Summit Award

Micro Technologies has been awarded the Gold Category, International Quality Summit Award as per the announcement by US based B.I.D (Business Initiatives Directions) in New York, US. This recognition is based on the criteria of the QC100 quality model, implemented in over 100 countries.

The International Quality Summit Convention 2010 is given to Micro Technologies on the basis of the business activities and for the achievements in the area of quality. B.I.D. is one of the most important US based organizations in the world presenting a Quality Award on the basis of principles. B.I.D. is professionally related with companies in different countries whose products and services help position them as leaders who invest in innovation, technology, training and installations.

The IQS Award, as such, represents a true victory for Micro Technologies (India) Ltd.; this recognition confirms that the company is making its utmost efforts to strengthen its commitment to quality and at the same time, is motivated to ensure customer satisfaction, the ultimate measure of any company's success.

Rejoicing on the IQS Award Mr. Mukund Gupta, CEO, Micro Technologies said that *"Micro Technologies has always recognized that quality is an important attribute in products and services and is the key differentiator for market expansion. Micro Technologies has been adopting various International and National standards of testing the range of Micro products and adheres to strict measures for quality and testing. The company products has recieved certifications from both National and International agencies UL, ERTL, ARAI, CE, Symbian, SAIA for its quality standards."*

Upon receiving the International Quality Summit Award, Micro Technologies also receive the Total Quality Management (TQM) QC100 Model. It is indispensable tool for current Quality Culture, permitting Micro Technologies to improve business relations with other companies and sectors. The company is determined to continuously improve their quest for excellence in Micro Product Range.

About Micro Technologies India Ltd.
